## JOIN US FOR VOLUNTEER INFORMATION SESSIONS

CASA programs play a critical role in ensuring children who have experienced abuse or neglect find safe, permanent placements or are reunified with their biological family whenever possible. The work of highly-trained advocates—appointed by judges to work one-on-one with our most vulnerable children and youth—are **needed now more than ever**. Research has shown children with a CASA volunteer spend less time in out-of-home or foster care, are less likely to re-enter the foster care system, and do better in school.

**Our next volunteer training cycle begins on August 23rd. Join us and change a child's story!**
